

April 20, 2011

Finnegan was just under 6 months old when we enrolled him in the Barkley training school with Vendy. He only knew a few commands prior to his stay, but after picking him up he had learnt how to heel, down stay pillow, walk on a lead, sit and stay, etc. The best part was that upon picking Finn up, Vendy took us through all these commands and taught us the best approach. My husband and I were most pleased to see how quickly Finnegan learned.

If we need further training in the future, we'll definitely bring Finn back to Vendy.

Many thanks,

Mary and John (Owners) and Finnegan
