I am really satisfied and impressed with Nicky and Vendy.

They are truly professional in what they do, and have been terrific to work with. I have learned so much from both of them. In fact, even though I have used up the 5 lessons, I am probably going to book a couple of more after Sophie recovers.

I have had Sophie in a 'pen' in the house, and have slowly given her access to the downstairs. Today, Nicky witnessed that Sophie navigates to the Doggie Door, and apparently is well on her way to being house trained. During our session today, Sophie was in a part of the house, far from the Doggie Door, went to the DD, and 'did her business' outside. Good Dog!

Thank You!
